☞ALL PERSONS, WHETHER SUBSCRIBERS OR NOT, MUST PAY FOR USE OF TELEPHONE AT PUBLIC STATIONS.

Connections and Messages.

SUBSCRIBERS

Of the Boston, Tremont, and Roxbury Exchanges are connected with the Suburban subscribers without extra charge. Suburban subscribers must pay an extra charge of ten cents for each connection with the Boston or Tremont Exchanges, unless their contracts are for full Exchange service.

Subscribers can send a fifteen-word message (one cent for each additional word) to a non-subscriber for twenty-five cents, and receive an answer without additional charge, when such message is to go within a half-mile of the delivery office. Outside of this limit, the additional charge will be the regular tariff charges of District Messenger Service. This applies only to offices of the Boston Exchange of the New England Telephone and Telegraph Company. The Lynn rate is fifteen cents for a fifteen-word message, and two cents for each additional word and Messenger Service.

Liability for delivery of messages limited as below.

Subscribers are responsible for all connections, toll or otherwise, made from their respective stations; and the company will insist on the payment of charges so incurred.

The use of the Telephone must be restricted to the subscriber for the same.

Subscribers are requested to refer those desiring the use of the telephone to the nearest public station.

NON-SUBSCRIBERS.

Persons who are not Exchange subscribers can use the telephones at the offices or pay stations at a cost of fifteen cents for each conversation of five minutes with any subscriber of the Boston Exchange or Suburban Division, and regular rates to other points.

DELIVERY OF MESSAGES.

The New England Telephone and Telegraph Company assumes no responsibility for the delivery of messages by messenger beyond the amount paid by the sender for such message.

SPECIAL NOTICE.

COMBINATION LOOPS AND LONG DISTANCE TELEPHONE.

Subscribers to the Telephone Exchanges in Boston and suburban points within a radius of one mile from the Central office may be connected by means of a metallic circuit, with a Long-Distance desk and transmitter set, instead of the usual Exchange instruments placed in their offices, by means of which they can communicate through this Exchange with any of the Long-Distance points as below, on paying the usual tariff rate. If application be made to the Manager of the Boston office, any subscriber will be called upon and receive detailed information concerning this service.

NOTE.—An extra charge is made for a line over one mile long.

*In 50 Pearl Street Office, special lines only.

PRIVATE LINE DEPARTMENT,

Under Manager of Boston Exchange.

THIS department is organized for the purpose of constructing and maintaining private lines and leasing telephones and lines to parties desiring to connect two or more places, each with the other, without passing through the Central Office Exchange. Also, for introducing the telephone for "Speaking Tube" purposes into hotels and other buildings, by which means each room may be connected with the office or janitor, and with every other room in the building.

Persons desiring to communicate with this department will please call for telephone Boston 237.

TELEGRAMS BY TELEPHONE.

Subscribers will be connected with offices of the Western Union Telegraph Company for the purpose of sending despatches; but they must first arrange with the Western Union Telegraph Company by personal application at the Company's offices, for the reception and transmission of their telegrams, and payment of the charges.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

Messages received by the Telegraph Company, addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the Exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscribers. But the Telephone Company assumes no responsibility for the correct transmission of the messages, and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

SPECIAL NOTICE.

Employes of the Boston Exchange are in uniform, and are furnished with a badge, oval shape, and bearing the name of the New England Telephone and Telegraph Co., together with the number of the employé.

Subscribers are requested not to allow interference with their telephone instruments or access to their premises, unless the badge can be shown.

COMPLAINTS.

The Company desires to give the best service possible, and to correct faults with promptitude, when discovered.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employés the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report, at once in the manner set forth below, any failure to obtain prompt attention and efficient service.

In case of ordinary troubles, subscribers connected with the exchanges of the Suburban Division should first give notice to the manager of the local office, and, if the trouble is not quickly remedied, notify the Superintendent of the Suburban Division (Telephone Somerville 100), who requests to be informed of any apparent neglect on the part of the local offices.

Subscribers who prefer to make written complaints upon the subjects of telephone service should address the Manager of the Boston Exchange, if the subscriber is connected therewith, or the Superintendent of the Suburban Division, if connected with any Exchange outside of Boston, Tremont, or Roxbury offices.

NOTE.—The morning test call is made for the purpose of ascertaining whether any of the subscribers' lines or instruments are not in working order, and require immediate attention. It is an obvious and valuable means for ensuring good service. Subscribers who object to answering this call and require its discontinuance are requested to give notice accordingly and the test call upon their especial lines will no longer be made.

NEWS OF EXPECTED ARRIVAL

—OF—

Ocean Steamships in Boston.

By an arrangement recently made with the Boston Office of The Cunard Steamship Co. (lim.) any information received by it of the arrival of its ocean steamships off Boston Harbor will be immediately communicated to the Chief Operator of the Boston Telephone Exchange.

Subscribers desiring to receive notice of this news should previously call "Boston number 231."

The New England Telephone and Telegraph Company assumes no liability for failure or mistake in transmission of news, but the management of its Boston Exchange will use its best endeavors to promulgate information as above referred to.

☞Notice changes in numbers of Jamaica Plain and Brookline subscribers.

IMPORTANT SUGGESTIONS.

CALLING

FOR BOSTON, TREMONT, OR ROXBURY.

When the office is called, the operator will say, "What number?" (naming her Exchange). For example, "What number? Tremont?"

If the subscriber to be called is directly connected with your Exchange, you will give the number wanted.

If, however, the subscriber to be called is connected with another Exchange, then, when the operator at your Exchange answers your call, saying, "What number?" at the same time naming her Exchange, you will first call for the Exchange with which the subscriber wanted is directly connected and wait for an answer from the operator in the office which you have named. When that operator responds, "What number?" naming her exchange, you will give the number of the subscriber wanted, and the connection will be established. For example, a subscriber in Tremont Exchange, desiring to talk with subscriber number 75–2 Newton Exchange, gives the signal, and listens. The operator at Tremont answers, "What number? Tremont." The subscriber says, "Newton," and listens. Newton office answers, "What number? Newton." The subscriber says, "75–2," when the operator gives the signal to the subscriber called for, and the way is open for conversation. If the connection cannot be established, Newton will answer, "Line busy," "Don't answer," or "Out of order." After your conversation is finished, ring off, as this clears the line for another call.

Uniformity of method in calling saves time for every one.

FOR SUBURBAN AND BRANCH OFFICE SUBSCRIBERS.

Subscribers connected with Suburban and Branch offices should cal name of Exchange and number wanted.

The New England Telephone and Telegraph Company assumes no liability whatever for damages accruing from errors in conversation or in repeating messages.

ANSWERING.

Answer promptly when you are called, as this is essential to good service.

IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in a low voice as close to the transmitter as possible, without jarring it. Ring off, and always return the telephone to its proper place after using it, otherwise the central office cannot call you, and your battery will be speedily exhausted, so that you cannot talk through your transmitter. We ask and expect courteous treatment for our operators, *who are forbidden to directly receive any complaints from our subscribers*, because all their time should be taken up in making connections.

A SPECIAL INVITATION TO VISIT

the 50 Pearl Street Exchange, Boston, is extended to subscribers and users of the telephone. The visit will prove of interest, and a mutual advantage will be gained by the knowledge acquired of the working of the system.

IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "*Connected by Telephone*" be used in advertising instead of the number. If, however, the number is used, the NAME of the Exchange should always precede it.

Extra Territorial Connections and Long-Distance Telephone.

Connections are made through our exchange offices with places named on pages 10, 11, 12, and 13. Owing to atmospheric disturbances and other causes, talking through the exchange transmitters to the more distant points is not at all times satisfactory, though improvements are constantly made, and better facilities furnished. The best results are obtained by speaking slowly, distinctly, and close to the transmitter.

A long-distance telephone can be used at tariff rates at 50 Pearl Street, 450 Tremont Street, 52 Warren Street, 53 Devonshire Street, 42 Summer Street, Adams House, United States Hotel, and other stations. (Such stations are indicated by * on public station pages).

Long-Distance table sets, with combination metallic loops, will be furnished to subscribers paying the extra rental therefor, from which connection can be established with local exchanges without charge, or with the metallic circuits of the Long-Distance Company (see page 3) or the extra-territorial wires of this Company at the usual tariff rates.

☞ A message charge will be made against the subscriber's telephone every time a connection is ordered and made from it over lines extending to outside points or to toll stations. Subscribers will be held responsible for tolls over such lines whenever their instruments are so used, and are requested to refer those desiring the use of the telephone to the nearest public station.

ALPHABETICAL LIST.

*Indicates Long-Distance Metallic Combination Loop.
